### Featured Publication

#### Action-Oriented Approach Toolkit: Aligning Learning, Teaching, and Assessment

This is a pre-sale for this publication. The AOA Toolkit brings together theory and practice to support language educators in aligning learning, teaching, and assessment by providing an overview of the CEFR; sample action-oriented tasks for the A1, A2, B1, and B2 levels; a fully developed A2 scenario with a selection of ready-to-use/modifiable subtasks; and an extensive explanation walking educators through the development of a scenario.

    Publication: December 2024

## Identifying Requirements and Gaps in French as a Second Language (FSL) Teacher Education: Recommendations and Guidelines

This report provides a detailed synthesis of the findings of a two-year pan-Canadian research project. The study aimed to document and describe current practices while validating the perspectives and efforts of new FSL teachers, District representatives, and Faculty of Education representatives to optimize FSL education in Canadian K-12 contexts. The final section of this report outlines recommendations in the form of questions meant to inform ongoing FSL teacher education and professional support across Canada and guide ongoing efforts to respond to the chronic shortage of FSL teachers across the country.

## SERIES

## Success for All

The Success for All series includes over 200 strategies to support teachers over the short- and long-term as they support additional language learners either in the second language classroom or in any classroom. The accompanying guides for school administrators help school staff strengthen their support for additional language learners.
